Thanks, this looks good. Couple of small suggestions in the attached.

I could go either way on the 4th paragraph. It seems like the main audience for this will be local Montana outlets that may not need this context, but will defer if there's a desire to maintain this language.

I think the quote works as is but will flag for Shaun.

Rich

Hi, Rich.

If you have suggestions on the PR, could you shoot those to Mark today? He is going to be leaving town tomorrow for two weeks, so I'd like to get his approval of any changes before he leaves.

Thanks!
Cynthia

Thanks, Cynthia. Draft looks like good start, very similar to Smurfit! Not sure about the 'gateway to glacier' language but understand where it is coming from.

Hi, Rich.

In Mark's email, he said that he copied you on this, but I didn't see your name. We are going to be coordinating our press release with CFAC's, so I will need a little help with this. I'll keep you posted about timing.

Thanks!
Cynthia

Deb,
As promised, please find attached the draft press release and com strat for the Anaconda/CFAC AOC. RPM Mike Cirian and Joe Vranka may have additional suggestions for improving these draft documents. I am also copying Rich Mylott so we can coordinate on a quote from Shaun in the press release.

As of today's date, CFAC is in the process of signing the AOC for the CERCLA RI/FS. Once we receive CFAC's signature page probably early next week, we will then need to secure EPA signatures on the AOC before the agreement becomes final. Andrea Madigan will be the point of contact for shepherding the AOC and RI/FS work plan through the EPA concurrence and approval chain while I am out of the office starting next Tuesday, 11/24.

Please let me know if you have any questions or need additional information.
Thank you.
Mark

I spoke to Nichole this morning. She will communicate to Testers office that we do not yet have a signed agreement but that we are close and will be sure to keep his office informed.

Please share the draft press release and communication strategy with me.

I'm on plane to Spain for some annual leave.

Deb or Martin, can you provide info to Nichole?

Hey Nichole:

We are hearing whispers that EPA and Glencore have reached an agreement on how to deal with a site in Columbia Falls, MT and that something will be released soon. As you likely know, Senator Tester has been very active in this space and I'm curious what, if anything, you can share.

Thanks in advance.
